ORGAN NEEDLES

Created with precision to solve any sewing problem

A SEWING MACHINE IS ONLY AS GOOD AS THE NEEDLE IN IT!

The Organ Needle Company works closely with all of Japan's sewing machine builders to design and manufacture needles for optimal performance. A machine builder cannot afford to buy an inferior needle at any price!

Next time you order replacement needles for your best machines, order the needles your machine builder uses. When you buy **ORGAN** needles for their outstanding performance, you also get their low price as a bonus.

More leading sewing machine builders use ORGAN needles than any other brand of needles.

We stock hard-to-get needles as well as all needles for everyday sewing tasks.

ORGAN "PD" / Perfect Durability needles. Titanium Plating makes them more resistant to wear. Stronger at the Point. Lasts up to Five Times Longer than chromium plated needles. The Gold Standard.

ORGAN "CS" / Cool-Sew needles. Patented PTFE non-stick finish to alleviate heat buildup and friction. Reduces friction and residue buildup in needle eye and on surfaces when sewing synthetic and chemically treated fabrics.

ORGAN "SK1" needles. Patented "crank scarf" needles to prevent skipped stitches. Improved design for Multi-Directional stitching. Ideal for Multi-Range sewing.

ORGAN "NY2" / Tapered Blade needles. Reduces skipped stitches in high speed sewing. Tapered blade reduces deflection and vibration. Slim profile point eases penetration. Fewer skipped stitches.

ORGAN "SD1" / Round Tri-Tip needles. Smallest cutting point needle for leather, vinyl, etc. Prevents stitch bursting holes in thin leather and satin-like linings with smallest needle hole.

ORGAN Embroidery Machine needles. Every type, size, eye shape, point, and finish for every embroidery job.

ORGAN Quilting & Sewing Machine needles. The right needle for home fashions including drapery, furniture, mattresses, and quilting.

ORGAN Hosiery Sewing Machine needles. For Toe Closing, Seaming, and finishing socks.

ORGAN NEEDLES for everyday sewing solutions
